Penalty Citation for South Mesa Campground Water System (1300617) CITATION NO. 05-43-17C-004

The Imperial County Division of Environmental Health, Local Primacy Agency (LPA) is issuing to you the attached citation for failure to sample and submit the 2016 annual Nitrate sample for your public water system within the required timeframes, as required by Section 64432.1 of Title 22, California Code of Regulations. A sample is required to be taken annually, within 12 months of the last sample taken (December 2015). Public notification for failure to sample must be provided pursuant to Section 64463.4 within thirty (30) days.

A stipulated penalty citation amount of **Two Hundred Fifty Dollars (\$250)** is now due in full amount and must be paid within fifteen (15) days of the receipt of the attached citation. In addition to the full payment amount, the citation form must be filled out, signed and returned in order to fully execute the stipulation agreement.

If you decide not to stipulate to the alleged violations, a formal citation order will be issued and may carry a penalty assessment of up to \$1,000 per day for each day that a violation occurred. In addition to the imposed penalty, the water system will also be liable for the time and materials used in the preparation of the citation order, which will be billed at the Department's fully burdened rate of \$137 per hour.

The LPA has the authority to issue you the attached citation pursuant to Sections 116650 and 116725(b) of the California Health and Safety Code. If you have any questions about this citation, or if you would like to meet with our office to discuss the stipulated penalty offer by the Local Primacy Agency, please contact us no later than 15 days of receipt of the citation. We may be contacted at 442-265-1888.

Sincerely,
